

WHY USE AKUVOX SMARTPLUS?

Simplifies Door Access Management

Easily manage building access from anywhere with just a few taps on your phone.

Enhances Security with Advanced Features

Enjoy remote monitoring, talk to visitors before granting access, and issue temporary keys for guests.

Seamless Integration

Works flawlessly with Akuvox devices and integrates with third-party systems for a complete security solution.

Security Meets Innovation

ABOUT SECUREVISION

Founded in 2006, Securevision is a trusted Security Solutions Specialist with over 18 years of experience in designing, implementing, and maintaining comprehensive security systems. We specialize in upgrading outdated analog intercom systems to state-of-the-art Smart Intercom solutions, offering residents the convenience of mobile apps for remote access, enhanced security features, and seamless integration with modern smart home technologies. As a BizSafe3-certified and Singapore Police Force-approved provider, we are committed to delivering reliable, customized solutions that meet the unique needs of condominiums, ensuring peace of mind for residents and property managers alike.

SMARTPLUS APP

User Guide

Download & Set Up

How to register, download, and set up your smart intercom app for a seamless and secure experience.

www.securevision.com.sg

DOWNLOADING THE APP

Once your account has been activated, you should receive an email from AKUVOX. It will contain your SmartPlus password and the link to download the app.

Note: You can check the timing of your account's activation through your Property Manager

INITIAL SETUP

Agree to Terms

- Read the **User Agreement** and **Privacy Policy** carefully to proceed.
- **Tip:** Keep a copy of these documents for future reference.

First Login

- Login with your complete email address and password provided.
- **Note:** You can save your password to avoid typing whenever you open the app.
- You can skip the pin creation as you don't really need it. But if you choose to set up a PIN later, ensure it's easy to remember but hard to guess. Avoid common numbers like "1234" or your birth year.

Watch how to video:

SWITCHING DISPLAY MODES

Card Mode (Recommended):

- Best for users with multiple devices, offering full access to all features like calls and device controls.

List Mode:

- Simplifies access to specific doors but hides certain features, including calling.

TROUBLESHOOTING LOGIN ISSUES

Login Issues

If you did not receive an email, please double check your spam/junk mail.

Or you can also directly download this app on the App Store or PlayStore, **just make sure to select APAC as the area.**

Forgot Password?

- If you don't receive the reset email, check your spam folder.

Can't Log In?

- Restart your phone and try again.
- **Tip:** Ensure your app is updated to the latest version.

SUPPORT

Need Help?

- Use the **Feedback** feature in **Me > Help & Feedback** to describe your issue.
- **Tip:** Include screenshots or error messages for faster resolution.

WHY USE ACCESS MANAGEMENT?

Grant Access with Ease

Provide visitors, delivery personnel, or service providers with secure, controlled access to your building, all from the convenience of your smartphone.

Enhance Security

Maintain control over who can enter and when, ensuring only authorized individuals gain access, enhancing the overall security of your premises.

Security with Convenience

ABOUT SECUREVISION

Founded in 2006, Securevision is a trusted Security Solutions Specialist with over 17 years of experience in designing, implementing, and maintaining comprehensive security systems. We specialize in upgrading outdated analog intercom systems to state-of-the-art Smart Intercom solutions, offering residents the convenience of mobile apps for remote access, enhanced security features, and seamless integration with modern smart home technologies. As a BizSafe3-certified and Singapore Police Force-approved provider, we are committed to delivering reliable, customized solutions that meet the unique needs of condominiums, ensuring peace of mind for residents and property managers alike.

SMARTPLUS APP

User Guide

Granting Access & Temporary PIN

Set up temporary PINs for guests,
ensuring convenient and secure entry.

www.securevision.com.sg

GRANTING ACCESS

Face Recognition:

- Ensure proper lighting when registering your face.
- **Tip:** Update your face ID if your appearance changes significantly (e.g., new glasses or hairstyle).

CREATING TEMPORARY KEYS

Step 1: Go to Temp Keys

- **Tip:** Use descriptive names for temp keys (e.g., "Visitor-John" or "Delivery-Nov10").

Step 2: Create a Key

- Set a short validity period for enhanced security.
- **Tip:** Use **Never** as the repeat mode for one-time access.

Step 3: Share the Key

- **Tip:** Share the key via a secure messaging app like WhatsApp or Telegram.

DELIVERY TEMP KEYS

Step 1: Create a One-Time Key

- **Tip:** Use this feature for food deliveries or package drop-offs.

Step 2: Share Instructions

- Provide clear instructions to the delivery person (e.g., "Scan the QR code at the door").

USING TEMP KEYS

QR Code

(only valid for models X915, R29, S539)

- Ensure the QR code is clear and well-lit when scanning.
- **Tip:** Print the QR code if the visitor doesn't have a smartphone.

PIN Code:

- **Tip:** Share the PIN verbally or via a secure channel.

MONITORING ACCESS

Notifications:

- **Tip:** Enable push notifications to stay informed about key usage.

Door Access Logs:

- Use logs to track who entered and when.
- **Tip:** Export logs for record-keeping or security audits.

TROUBLESHOOTING

Temp Key Not Working?

- Check if the key has expired or reached its usage limit.
- **Tip:** Create a new key if the issue persists.

Need Help?

WHY MANAGE FAMILY MEMBERS?

Share Access Easily

Grant family members their own access, ensuring they can enter the building without needing to share a single account.

Simplify Household Management

Streamline account management by adding or removing family members as needed, keeping access up-to-date and secure for your household.

Securing What Matters Most

ABOUT SECUREVISION

LEARN MORE ABOUT US

SECUREVISION

SMARTPLUS APP

User Guide

Administration

Learn how to easily add or remove family members from your access list, ensuring smooth and secure control over who can enter your home.

www.securevision.com.sg

ADDING FAMILY MEMBERS

Add up to 3 family members or tenants (additional members may require payment).

Step 1: Go to Family Members

- **Tip:** Only the **Master Account** holder can add or manage family members.

Step 2: Add a Member

- Enter the new member's email or phone number, which will be used for their login credentials.
- **Tip:** Inform the member to check their email for login details and set up their account.

Only the Master Account holder can manage family members.

MANAGING FAMILY MEMBERS

Edit Details:

- Update details if the member changes their email or phone number.
- **Tip:** Keep member information up to date for smooth access.

Remove Members:

- **Tip:** Remove members who no longer need access (e.g., moved out).

SETTING PERMISSIONS

Family Master Account:

- **Tip:** Use the master account to manage all family settings.

Call Preferences:

- Set call forwarding to ensure no calls are missed.
- **Tip:** Use **Sequence Call** to prioritize devices or family members.

DELETING YOUR ACCOUNT

Contact your Condo's Managing Agent (MA) for account deletion or changes.

NEVER delete the Master Account—resubscription will be required.

LOGGING OUT

Step 1: Go to Me > Log Out.

- **Tip:** Log out if you're using a shared device.

ADVANCED SETTINGS

Clear Cache:

Clearing the cache removes temporary files stored by the app, helping to improve app performance, resolve issues like slow loading, glitches, or outdated data and free up storage space on your device.

- **Tip:** Clear cache regularly to improve app performance.

Export Logs:

- Use logs for troubleshooting or security audits.

Update the App:

- **Tip:** Enable automatic updates for the app.
